

Ms. Nohora 6:30am-3:00pm

My name is Nohora Isabel Lindo, I'm from Colombia, I am a mother of 3 children and I am a grandmother of 6 granddaughters. I completed my education in the University of Political Science and Public Administration in my country.

In the USA I completed my CDA and I have more than 40 hours of STARS. I also have more than 10 years experience in childcare. I am the teacher of Infants #1, I have the privilege of watch over the babies, work that I enjoy the most since I know that the children are the future of the world. It is important to give love, encouragement and security to the children since they are born. I thank God, the directors, coworkers and the parents because I am working in the job that I enjoy the most. The babies fill my live and give light to my days with their first smile, their first tooth, and their first steps. Every child is different and special, every day is a new surprise, and the parents can go to work peaceful because they know they leave their child in a place where we not only care of their child but we also give them the love and the attention that they need.
